

NOTICE TO MARINERS

No 03(T) of 2017

Port of Southampton

Fawley Power Station Approach Channel Dredging Works – 28th January to 17th February 2017

NOTICE IS HEREBY GIVEN to Masters and crews of vessels using the Port of Southampton that dredging works will take place in the approach channel to the Fawley power station site Southampton Water between the 28th January and 17th February 2017.

The dredging works will be carried out by the water injection dredger 'Borr'

The 'Borr' will display the lights and shapes as required by the International Regulations for Preventing Collisions at Sea and will maintain a listening watch on VHF Channel 12 throughout.

Mariners may request information from Southampton VTS on VHF Channel 12 if required.

This Notice will be self-cancelling on completion of the dredging operations.
