

NOTICE TO MARINERS

No 06(T) of 2017

Port of Southampton

Installation of new Fenders on 34/5 Berth

27th February to 06th May 2017

NOTICE IS HEREBY GIVEN that between the 27th February and 06th May 2017 operations to install a new fender system on 34/5 berth Eastern docks are taking place.

The works will consist of multiple scaffold structures over the quay edge to undertake repair of the structure and installation of new fender panels.

The structures will be there 24/7 and will extend approximately 2m away from the quay face.

The most southerly and most northerly of the structures will be marked with two all-round red fixed beacons to show the extent of the works area.

The structures will be moved to a different place along the length of the quay daily.

The area of operation is shown on the below chart extract.

Mariners are requested to pass well clear of operation.

This notice will be self-cancelling on 07th May 2017

**Vessel Traffic Services Centre
Ocean Gate, Atlantic Way
Southampton**

**Captain Martin Phipps
Harbour Master**

17th February 2017
