

Notice to Mariners

No 18 of 2018

Port of Southampton – Southampton Water – IFA2 Interconnector Project – Dive Survey, Chilling

14th to 21st May 2018

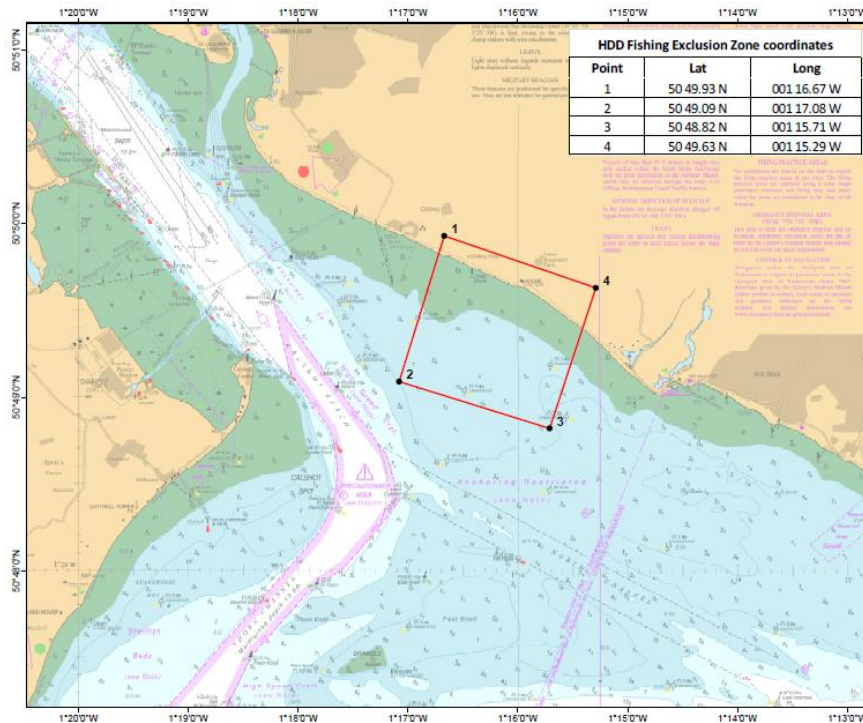

NOTICE IS HEREBY GIVEN that between the 14th May and 21st May 2018 Dive Survey works are due to commence for the IFA2 project, a HVDC electricity transmission between France and England across the English Channel.

The location of the dive sites for this operation are in an isolated nearshore area at Chilling on the HVAC route, see below chart for details.

The Dive works are being carried out by **James Fisher Marine Service** using **HM Denham**, Call Sign 2ATJ3 vessel for the works.

The diving operations will be located at the Chilling area where a dive support vessel will be stationed.

Overview of the Diving working area:

This notice will be self-cancelling on completion of the survey operations.
