It is intended that, weather allowing, the buoys marking the area will be laid on or about 20 May 2019.

The area is de-lineated by the following co-ordinates (WGS84 UTM) clockwise from the northern-most position – Positions 1, 6, 7 and 8 being on the shoreline):

Buoys 2 and 4 are lit with yellow flashing lights – characteristic Fl.Y.2s.

It is intended that the buoys will remain in place until later in the year and will be recovered for the winter.

Power craft are reminded to observe a speed limit of 4 knots within 100 metres of the slipways, jetty and shoreline.

This notice will be self-cancelling on removal of the buoyage later in the year.
