

NOTICE TO MARINERS

No 56(T) of 2019

Port of Southampton

Fawley Power Station Approach Channel Dredging Works – 5th December 2019 to 28th February 2020

NOTICE IS HEREBY GIVEN that dredging works will take place in the approach channel to the former Fawley power station site in Southampton Water between the 5th December 2019 and 28th February 2020. The dredging works will be carried out by the water injection dredger 'Borr'.

The 'Borr' will display the lights and shapes as required by the International Regulations for Preventing Collisions at Sea and will maintain a listening watch on VHF Channel 12 throughout.

Mariners may request information from Southampton VTS on VHF Channel 12 if required.

This Notice will be self-cancelling on completion of the dredging operations.
