

Associated British Ports

Port of Southampton

**Competent Harbour Authority
&
Pilotage Area**

Charges from 1 January 2017 to 31 December 2017

Pilotage Charges

Charges are made in accordance with provisions contained in Section 10 of the Pilotage Act, 1987.

1. Pilotage and Service Charges

1.1 Charges for Services of a Pilot – General Provisions

The Pilotage charges as set out in the Table of Pilot Tariffs (page 4) are for Pilotage services rendered to vessels over 61 metres length overall, or over 20 metres length overall if carrying more than 12 passengers. For the purposes of these charges “vessel” means any floating craft, self-propelled (either by power or wind) or towed (as defined in the Pilotage Directions, Section 2).

- Pilotage charges are based on either draught (calculated in 20 centimetre bands) or net tonnage, or a combination of both.
- The minimum draught of water upon which charges are calculated shall be 3.70 metres.
- The draught charged shall be the actual draught rounded up to the nearest full decimetre (e.g. 10.16m rounds up to 10.20cm)

1.2 Provision, Maintenance and Upkeep of Pilot Boats and Ancillary Services for the Pilotage Area [“Service Charge”]

In addition to the charges for the services of a Pilot, a Service Charge is payable for each occasion when a pilot is employed subject to a maximum of £632.74, this is applied as follows:

- 59.00% of all applicable charges for all vessels paying Pilotage rates under Rates 1, 2, 3 and 4 of the table of Pilot tariffs.
- 29.50% of all applicable charges for all vessels which do not pay Pilotage rates under Rates 1, 2, 3 and 4 of the table of Pilot tariffs.

1.3 Minimum Charges

The total charge of 1 and 2 above shall be subject to the following minimum charges:

- £517.70 where Rates 1, 2, 3 and 4 of this list apply.
- £388.26 (75% of the above) where Rates 1, 2, 3 and 4 of this list do not apply.

Additional charges as set out in Section 2 below will apply to minimum charges.

1.4 Acts of Self-Pilotage

A charge of 25% of the tariff charges for compulsory Pilotage (services of a Pilot plus service charges) will be levied against the vessel where a Master or Mate holds a Pilotage Exemption Certificate for any part of the Pilotage area to which the certificate applies, in circumstances in which the employment of a pilot would otherwise be compulsory.

Minimum Charges shall not apply to PEC charges.

Charges for acts of self-pilotage as defined above shall be applied against all vessels “making use of the Port” which, for the purposes of these charges, shall mean vessels undertaking acts of self-pilotage and making use of the area to the north side of an imaginary straight line between Hill Head on the eastern side of the entrance to Southampton Water and Stansore Point on the western side.

Charges for acts of self-pilotage as defined above may be compounded by payment in advance of 100 movements per ship per annum.

Monthly returns of acts of self-pilotage are required to be made to ABP detailing draught (if greater than 3.70 metres), the voyage covered and the number of self-pilot acts.

1.5 South of Nab Boarding Charges/Detention Charges and Over Carriage

Details of these charges are shown in Appendix C (Rates 12, 13 and 14 respectively).

1.6 Cancellation Charges

If within 3 hours of the booked arrival or departure time a vessel is cancelled, it will be subject to a fee of £250.

1.7 Attendance Charges

If a Pilot has made an abortive attendance on board a vessel in accordance with the Owner’s or Agent’s instructions an Attendance Charge equal to 40% of the minimum Pilotage fee (see Section 1.3 above) will be levied.

1.8 Services of an Assistant Pilot

Additional charges for the services of an assistant Pilot will be charged at 55% of the Pilotage charges.

1.9 Choice Retainer Supplement (Container Port) and Additional Pilot CAT 4 Charge

Choice Retainer Supplement (Container Port) applies to all container vessels bound to or from the container terminal over 280m LOA (length overall) or 60,000mt dwt, whichever is the greater, are subject to a specialist fee of £131.

The additional Pilot CAT 4 charge applies to all container vessels bound to or from the container terminal over 365m LOA (length overall) and with a beam over 45m are subject to an additional specialist fee of £131.

1.10 Other Charges

Use of ABP launch to board or disembark non-ABP Pilots (e.g. North Sea) chargeable at 60% of minimum Pilotage fee (see Section 1.3 above) i.e. £310.62 (60% of £517.70).

2. Additional Charges

2.1 Pilots National Pension Fund Deficit Surcharge

7.5% surcharge on all charges calculated in Section 1 above.

2.2 Fuel Adjustment Mechanism

As a result of the continued reduction in fuel prices there will be no fuel surcharge from 1 January 2017

There is no certainty given the volatility of world fuel prices, as to future trends and it will be necessary to keep this aspect of our cost base under regular review

3 Payment Terms

Pilotage charges are payable on demand.

If charges incurred are not paid within one month from the date on which they are due interest at 5% per month shall be applied.
